

Eagle Creek

MODULAR SOLUTIONS

**Project:** Challenge to Excellence

**Location:** Parker CO

**Size:** 28 sq ft x 60 sq ft

**Award Date:** May 2011

**Time to Construct:** 90 days

**Project Description:**

Eagle Creek Modular constructed a new, custom design-built modular classroom for Challenge to Excellence Charter School. The exterior consists of a leveling parapet wall with scuppers and downspouts. Smart panel exterior siding with mansard trim painted a complimentary color and high end ADA all aluminum steps and ramps.

The interior is complete with custom cabinets, commercial grade carpeting and vinyl gypsum interior wall covering.

Full turnkey construction services were also provided including: site preparation, fire alarm systems, permits, electrical extension, hook-up, landscape rock and fencing.

*Eagle Creek Modular consistently meets customer challenges and achieves desired results. Every project is professionally managed from the conceptual stage to completion providing quality, speed and cost savings.*
